

I am happy to share that EPA will be able to staff the community meeting requested for March 9th, 2019, during the planning meeting Councilman Atkins hosted yesterday. As per the group discussion, EPA will give a 15 minute briefing related to the Lane Plating Works Superfund site. to explain that contamination is currently limited to on-site, city drinking water is safe, and to provide information about the site moving forward (Superfund process, site sampling etc.). As city and local government officials will host the meeting, we are confident this will provide a positive message regarding the safety of citizens affected by the site.

Commented [SK1]: Their meeting, we are guest. attend

Commented [SK2]: March 7 or March 9? I thought it was March 7.

Commented [SK3]: Break sentence. Call it a coordination meeting.

Commented [SK4]: Strike this. Just say community safety. Break sentence into two sentences.

Commented [SK5]: We are told not to use the word safe to describe a site. Also, don't like saying "affected by". I suggest important information on community safety.

Commented [SK6]: Or call

EPA would also like to request a planning meeting much like the one we had yesterday to discuss meeting logistics and expectations. Please let us know a time and date so that we can move forward with the process.

Thank you for all the flexibility, and we look forward to working with everyone soon.
